

# Equal Opportunities Commission Universal Design Award Scheme 2024/25 Self-assessment Checklist

Please select the universal design (UD) provisions that you currently provide within your site. You will be able to skip sections that are not applicable to your site.

You are encouraged to add description, upload photos or videos of universal design provisions at your site for the Judging Panel to consider your application.

The copyright of this self-assessment checklist, including the accompanying photos, is owned by the Equal Opportunities Commission. Use of the self-assessment checklist is restricted to non-commercial, educational purpose and is not intended for any profit-making activities or any commercial gain including but not limited to consultancy services. Any reproduction, adaptation, distribution, dissemination or making available of such copyright works to any third party or the public is strictly prohibited unless prior written authorisation is obtained from the Equal Opportunities Commission.

## The following two items are mandatory accessibility provisions in order to proceed with the application. (Count as a total of 2 UD provisions)

#	Item	
1	Allow access of guide dogs	
2	Provide means for access of wheelchairs, such as	
	<ul> <li>having step-free or levelled entrance/exit and/or</li> </ul>	
	<ul> <li>providing either portable or built-in ramp and/or</li> </ul>	
	<ul> <li>providing stair climbing machine or stair lift and/or</li> </ul>	
	<ul> <li>reachable via lift and/or</li> </ul>	
	<ul> <li>having door thresholds lower than 20 mm in height and bevelled to</li> </ul>	
	facilitate passage of wheelchairs	

The self-assessment checklist contains 10 sections. Please select the features that you currently provide within your site. You are not required to fulfil items listed in all areas. Each item is counted as 1 UD provision.

#### Sections

- 1. Access
- 2. Door
- 3. Services
- 4. Furniture and fixtures
- 5. Business-specific components
- 6. Signage and wayfinding
- 7. Toilet
- 8. Lift
- 9. Ambience
- 10. Parking

## Section 1: Access

#	Item	
3	<b>Entrance</b> - Width of entrance can reach at least 800mm when fully opened (fixed or per request)	
4	Entrance - Sufficient manoeuvring clearance on both sides of an	
	entrance for wheelchairs and prams	
5	<b>Entrance</b> - At least one of the gates or turnstiles allow access of wheelchair	
6	Entrance - Door mat is fastened or installed directly on the floor	
7	<b>Entrance</b> - Tactile guide path is provided (at least leading to the entrance)	
8	<b>Entrance</b> - Tactile guide path is not covered by carpet or any other obstructions	
9	<b>Entrance</b> - A designated area close to the entrance where passengers can alight from a car or taxi	
10	<b>Passageway</b> - Passageway is unobstructed, and can reach a width of at least 800mm per request	
11	Passageway - Passageway is clean and dry	
12	Passageway - Floor surface is slip-resistant	
13	Passageway - Keep emergency exits clear	
14	Ramp - Stable, firm, and slip-resistant	
15	Ramp - Warning strips at the ends	
16	Ramp - Gradient not exceeding 1:12	
17	<b>Ramp</b> - Area connecting the ramp have sufficient space for wheelchair to operate and turn	
18	<b>Ramp/Stairs</b> - Floor and wall are in contrasting colours along the ramp/stairs or wall has a baseboard in contrasting colour with the floor	
19	Handrail - Handrail provided for fixed ramp	
20	Handrail - Handrail provided for stairs	
21	Handrail - Braille on handrail	
22	Handrail - Additional handrail for people with different height (e.g. children, elderly)	
23	Other - Stair climbing machine or stair lifts for wheelchair users	
24	<b>Other</b> - Temporary refuge space for those unable to use lift or stairs in the event of an evacuation

45 Baby pram/stroller/pushchair lending service	43	Provide sign language interpretation	
	44	Wheelchair lending service	
46 Provide socket for charging electric wheelchair	45	Baby pram/stroller/pushchair lending service	
	46	Provide socket for charging electric wheelchair	

## Section 4: Furniture and fixtures

#	Item	
47	Table with adjustable height	
48	Moveable chairs	
49	Waiting or resting area with seats	
50	Self-service kiosk with buttons reachable at a maximum height of 1200mm	
51	Self-service kiosk has audible function or text-to-speech software	
52	At least have one service counter at a maximum height of 750mm	
53	At least have one service counter with knee space	
54	Contactless card sensor reachable at a maximum height of 1200mm	
	非本公司員工 請勿進入 Staff Only	
55	Drinking fountain	
55	Self-service locker	
50	שנוישבו אונב וטנגפו	

## Section 5: Business-specific components

#	Item	
57	Menu or other written information is supplemented with pictograms, images,	
	or photos	
58	Provide physical menu, order form and verbal food ordering options	
59	Accessible ordering services through tablet, mobile phone app or QR code	
60	Indicate position of QR Code by braille print	
61	Wheelchair space in auditorium/theatres/concert halls	
62	Companion seat in auditorium/theatres/concert halls	
63	Provide wheelchair access to stage	
64 Backstage areas (e.g. dressing room, rehearsal room and practice ro		
	means for access of wheelchair	
65	Audio guide for displays/exhibitions or audio guided tours	
66	Portable assistive listening devices for amplifying sound, cutting down or	
	eliminating ambient noise	
67	Computer or tablet installed with assistive software, hardware or screen	
	magnifying option	
68	Provide manmade or natural shades for chairs and benches in outdoor area	
69	Materials of outdoor seating are more resistant to high temperatures (e.g.,	
	wood or stone)	

## Section 6: Signage and wayfinding

#	Item	
70	Signage directing users to an accessible entrance	
71	Signage directing to the nearest lift	
72	Signage to warn against slips, trips and falls (e.g. Beware of wet floor)	
73	Signage with large and clear font (Sans serif fonts e.g. Arial, Helvetica)	
74	Signage has adequate colour contrast with background	
75	Signage with pictograms or images to support text	
76	Signage made of low-gloss, low-reflective material or have a matte finish	
77	Digital map directory with buttons reachable at a maximum height of 1200mm	
78	Digital indoor navigation assistance	
79	Floor plan/ map/ service counter is led by tactile guide path or audio signals	
80	Provide braille and tactile floor plan/maps for way-finding	
81	Lighting for emergency exit signage	
82	Lighting for emergency exit directional signage	
83	Audible and visual fire alarm	
84	Braille evacuation plan	

**Section 7: Toilet** [*If the site under your management does not have a toilet, please skip this section.*]

#	Item	
85	At least one of the taps for wash basin is lever-type or automatic	
86	At least one of the wash basins is at a height between 900mm and	
	1200mm	
87	Child size toilet or child size toilet seat	
88	Baby seat/child-protection seat in the W.C. cubicle	
89	Adult diaper changing facility/foldable nursing bed	
90	Braille on toilet signage, whether accessible toilet or other W.C. cubicle	
91	Accessible toilet - Unisex accessible toilet for carers of either sex	
	to assist the user	
92	Accessible toilet - Not locked while unoccupied	
93	Accessible toilet - Unobstructed and not misused for storage	
	purposes	
94	Accessible toilet - Button-controlled or motion activated	
	automatic door	
95	Accessible toilet - Automatic door has audio signals	
96	Accessible toilet - Push-type or lever-type door handle	88
97	Accessible toilet - Mirror at an inclined angle	
98	Accessible toilet - Grab rail on both inner and outer surfaces of	
	the W.C. cubicle door	
99	Accessible toilet - Grab bars installed near the water closet	
100	Accessible toilet - Emergency alarm or call bell	

**Section 8: Lift** [If the site under your management does not have a lift, please skip this section.]

#	Item	
101	Floor surface is slip-resistant	
102	2 Lift interior area no less than 1200mm x 1100mm, with at least 800mm	
	opening when fully opened	
103	Mirror surface to provide visual feedback for wheelchair users	
104	Handrails provided	
105	Lift's button panels are accessible between 900mm and 1200mm	
106	Lift's control buttons have braille or tactile markings	
107	Emergency button in lift centered at a height between 900mm and 1200mm	
108	Lift has visual cues (e.g. flashing light) to signal when emergency button is	
	pressed	
	WHEN LIGHT BLINKS, IT INDICATES YOUR EMERGENCY CALL HAS ALREADY BEEN RECEIVED, PLEASE BE PATIENT AND WAIT FOR THE RESCUE 此 燈 閃 亮 時 表 示 已 收 到 京 救 信 息 赠 耐 心 等 候 葱 搜	
109	Audible signal announcing level of floor	
110	Perch seat or bench provided at lift lobby	

#### Section 9: Ambience

#	Item	
111	Music at acceptable level (less than 80 dB)	
112	Optimal room temperature (between 20°C and 26°C)	
113	Adequate illumination (at least 85 lux) and not flickering	
114	Lighting system allows users to control the intensity and colour temperature of the lights	
115	Shield bright and natural lighting sources	
116	Screened fluorescent light fittings	

**Section 10: Parking** [If the site under your management does not have parking, please skip this section.]

#	Item	
117	Accessible parking space for persons with disabilities	
118	Accessible parking space with an accessible route to the lobby with an accessible lift or entrance	
119	Accessible parking space's loading/unloading area is at least 1200 mm wide	
120	Accessible parking space's loading/unloading area is marked with yellow	
	hatched markings	
121	Family-friendly / carer-friendly parking space	
122	Parking ticket machines that offer slots at different heights
