Make your views known: Suggestions, Compliments and Complaints

We stand ready to look into and follow up on complaints substantiated with sufficient information. You are encouraged to lodge your complaint as soon as practicable, say, within one year from the occurrence of the incident(s). This is because long time lags may give rise to difficulties in fact-finding. Complaints lodged after the occurrence of the incident(s) for more than one year would only be followed up with justifiable grounds.

F. Follow up from the EOC

- We will acknowledge your complaint made within five working days.

(Note: for each of the complaints made through the online form, an acknowledgement of receipt will be automatically generated by the EOC's email system upon successful transmission to the EOC.)

- We will thoroughly examine the relevant facts to ascertain whether the complaint is substantiated. In the process, we may contact you for further information as and when necessary.
- We will endeavour to provide you with a full response (including our findings) within two months, and where applicable, inform you of what we have done / will do in rectifying the areas in need of improvement.

(Note: There are occasions that, due to special circumstances, some complaints may call for a longer processing time. In such cases, we will inform you in writing the reasons within one month, and provide you with a full response as soon as practicable.)
